

THE PROFESSIONAL'S CHOICE SINCE 1974

PROJECT PROFILE

Jared Jewelry

The New Jewel of Torrance, CA

This brand new jewelry store features Omega's best Exterior Insulation System: AkroFlex Water Managed Plus. This system includes AkroGuard as a fluid applied air & water-resistant barrier, and a layer of continuous insulation (foam) which make the store highly energy efficient by lowering the use of HVAC. The AkroFlex Acrylic Finish provides the building with a unique texture and uniform color while minimizing the occurrence of cracks for a long lasting finish.
